| <b>THIS SECTION TO BE COMPLETED BY PHYSICIAN</b> |
|--------------------------------------------------|

The individual named above is an applicant/resident of the IRC § 42 Low Income Housing Tax Credit Program. This applicant/resident has indicated that he/she is disabled and requires a live-in aide in order to have equal access to housing the same as if he or she was not disabled. The LIHTC program has specific certification requirements for all households indicating the need for a live-in aide. These requirements include (but are not limited to): (1) the aide is determined to be essential to the care and wellbeing of the applicant/tenant; (2) the aide is not obligated for the financial support of the applicant/tenant; (3) the aide would not be living in the apartment for any reason except to provide the necessary supportive services.

The applicant/resident has indicated that you are a third party professional competent to verify the need for the requested accommodation of a live-in aide. We ask that you provide the following general information to determine if a live-in aide is required. Please note that the information provided should respond to the general questions and not disclose any confidential information regarding the nature of the disability of the applicant/resident.

### Information Requested:

Is the applicant/resident disabled as defined below? ☐ YES ☐ NO

Under applicable law, an individual is disabled if he/she has, is regarded as having or perceived as having, a physical or mental impairment that limits a major life activity such as caring for one's self, performing manual tasks, participating in social activities, walking, seeing, hearing, speaking, breathing, learning and working, and includes but is not limited to conditions such as cerebral palsy, autism, epilepsy, muscular dystrophy, multiples sclerosis, cancer, heart disease, Human Immunodeficiency Virus Infection, mental retardation, and emotional illness. This definition does not include sexual behavior disorders, compulsive gambling, kleptomania, pyromania, or psychoactive substance use disorders resulting from current unlawful use of controlled substances or other drugs.

In your professional opinion, and with knowledge of the applicant/resident's disability, does the applicant/resident require the services of a live-in aide in order to enjoy the use of the dwelling? ☐ YES ☐ NO

It is my professional opinion that the said person would not be able to live independently without the necessary support and care of a live-in aide.
